Linds, Jonathon Moody with EPA Region V is looking for inspection information for the Humboldt Mill. I told him that the (WRD) actions that might have taken place and documented are: Ind SW insps, Ind SW SWPPP correspondence, the bentonite spill correspondence, and information from OGS staff. I have not done an inspection (we did go there with WRD Mgt) but did write a Compliance Communication on the bentonite release. Tina, please make sure that is in the "FOIA" response – its in NMS.

He's probably going to request the file correspondence since 2010. He said he'll call you Monday regarding your SWPPP communications. Thanks, Randy
